TOTAL PROPERTY IN OFECON. philabed yesterday in our tel-

to the gree harhests ole condition. This is not due to not, but to especial conditions of and range. The cattle men in this rerem distate or deproducious. In other to collecte upon a certain par centage of seem from weather. With us, in the worst the severe weather was confined a belt exceeding about thirty miles on either this comparatively small area there was con-Marketable loss of stock, yet from a point thirty groud, s-ock same through the winter in hit combutes. With our rapidly growing Market and these special advantages, the stock especial in the near future to the dimensions of a really great business.

TO BE CROWNED.

The day for the coresutton of the emperor of tie has been fixed." Of two courses open to him be chooses to brave the possible viciones of the mobilists rather that near the certalk mistrust of his possentry, who, until the saw emperor is anomized by the clargy and erowned by Minself, will scarcely believe that the old one is dead. In this alone lies a serious danger; for the history of popular insurrections a Russia is the history of imposters in Russia continue, forward in the character of a deland cour to sispute the right of his successor. Si said he shundars . It is now would do There may be no more reason now than at any time since the emancipation to sufficipate plaing of the peasautry; but what has nappened so often may well happen again. For aghine primary the late importance of the French grand without going through a deconation of creamony. It was not indeed, thus he undervalued the importance of bolematics and parguages but he had, set his raind upon being crowned, like its ancho, by the page, and he received it from any one but the hands of \$\psi\$ is spread as a precise point. Yet the French people knew that he was their empror, and the first of his never period its many of all the superiors of the office of the people knew that he was their empror, and the first of his never in the matter of people knew that he was their empror, and the first of his never in the matter of people knew that he was their empror, and the first of his never in the matter of his people when the heads of the matter of his never in the never in the matter of his never in the gising of the peasautry; but what has hap amperatitions country in Therege, alls its

NEWSPAPERARCHIVE®

WHEAT FARMING AND PRODUCE GROWING.

BANCROPTE "HISTORY OF THE members his across by the Lundreds is not making as much measure the production grown acry him when the members his across by the Lundreds is not making as much measure the producty grown at the parties."

Proceeding with his "History of the Paotific States," Mr. Hinsert H. Broggerof that published the fourth volume of the series of miles from the stream markets, and also the control of the series of miles from the stream markets, and also the control of the series of miles from the stream markets, and also the control of the series of miles from the stream markets, and also the many discussions are self-miles from the stream markets, and also then the stream markets. If farmers will take the panns to look, all out some sof miles from the great markets, and althe fourth volumes of the series thus named. The passentivoli me takes it place as the ninth of his works. It is devoted to Mexico, and when the followed by three additional volumes, which will bring the histories of Mexico and Central Anactea, side by side, down to the year 1800. These again will big though by the which will be devoted to orregion.

The passentivoli me takes it place as the ninth when the time people win earlit. The cart of the bag, railread charges to the place of ships have the place of handling and mourance, and the trembadous locan freight to Liverprod, the trembadous locan freight to Liverprod, the morth, including two which will be devoted to Oregon.

has deteriorated. If this gait continues that is, if lands continue to alvance a value, and

tax may be gained by the building of a ship result from a route advenute inthinus through bicarsqua in this work; take, but this is only a remove possiblity. Althe volumes on Gregon.

The list of aestherities cited from whom materation of tariff laws et abling whom in a terration of tariff laws et abling whom in a terration of tariff laws et abling whom in the terration of tariff laws et abling whom in the terration of tariff laws et abling whom in the terration of tariff laws et abling whom in the terration of tariff laws et abling whom it will be the tariff laws et abling whom it will be the tariff laws et abling whom it will be the tariff laws et abling whom it will be the tariff laws et abling whom it will b missions, freight charges across the country, insurance in transit, etc. will reduce an impor-tant part of the grain-g ower's sutge, and so rection of home mark to manifestures will be p him in another way

But will, we are of the opinion that grain

TION. grawing as an exclusive business must give way to more general props. Already small ranchmen, who supply the city with the variety of farm products, summed up as "provariety or parmy requires summer up as pro-tuged specified in the patches of land along the Columbia river and its highly tributaries,—the Lewis. Cowlitz, and others—than the large farmers of the Wil-lamette valley. Potaters, green vegetables hay, small fruits, honey, milk, and partlenthis bulgers, sonably says that larly butter and eggs, are always in demand and always bring prices which yield the prodozer handsome profits. The demand for produre is not limited to the communities of our always buy what we have to space, and the country out of us, now rapidly alling up, will require many of the precincts of western dro-gon and Washington. There will always be good demand and good prices for all we shall have to sell.

John Roward Payne author of Home Prilinged high imagerature in: Swoot Home, 'whose remains have just the principle of the property of the property of the principle of the prin the pabelum upon which soug parted above, which has long been Then they are once intro- household word wherever the English language is known. It appeared in a drama entitled wilari, the Maid of Misan," which he wrote and destroy these paper. But, "vilari the Muid of Minan," which he wrote deserving the odor has Carles Kenthle was manager.
